

DID YOU KNOW?

CAPS is your UNION -- representation, information, service.

UNIFORMS AND SAFETY BOOTS

Protective gear for work should be reimbursed!

CAPS frequently receives questions from current and long-time State Scientists about protective gear and how to take full advantage of the benefits offered to them through the CAPS Memorandum of Understanding with the State. For example:

Do I have to pay out-of-pocket for my uniform?

How often can I be reimbursed for safety footwear?

What kinds of equipment can I purchase for work?

In order to be sure you are receiving the most current and beneficial information, **JOIN CAPS TODAY.**

Membership in CAPS means: **KNOWLEDGE.**

Not only do CAPS members receive expert, professional representation in the workplace, in the Legislature and, when necessary, in the courts, but they also receive frequent communications regarding their rights and benefits as State Scientists.

MAKE SURE THERE AREN'T ANY BENEFITS YOU ARE MISSING OUT ON

Solidarity, Knowledge, Collective Power

CAPS was created in 1984 by State Scientists for State Scientists. The benefits that are enumerated in the Memorandum of Understanding with the state of California have been hard-earned through years of negotiations at the bargaining table.

With a strong, unified membership, CAPS can continue to build upon success and ensure the membership is HEARD.
